Questions to Ask Your Doctor About C-reactive Protein Tests

The following questions can help you talk to your physician about a C-reactive protein test. Print out or write down these questions and take them with you to your appointment. Taking notes can help you remember your physician's response when you get home.

- Am I at high risk for heart disease?
- What will the CRP test results tell us about my cardiovascular health?
- How accurate is a CRP test?
- What comes next if the test finds inflammation?
