

Questions to Ask Your Doctor About MRA

The following questions can help you talk to your physician about having an MRA. **Print out or write down these questions and take them with you to your appointment.** Taking notes can help you remember your physician's response when you get home.

- What information will an MRA give us about the health of **my blood vessels**?
- Why is an MRA being recommended? (That is, what symptom or test result needs further exploration?)
- What are the potential **benefits** for me of an MRA?
- What are my individual **risks** from an MRA?
- If I have an implanted metallic device, is an MRA **safe** for me?
- **What happens next** if an MRA indicates that I have a problem with a blood vessel?
